- These demountable steel post pallets have removable uprights. This creates a really flexible pallet. The posts can be easily removed by hand and once positioned in their housings they can be stacked to save space.
- All our containers are available in a range of RAL standard colours. The containers are guaranteed free from burrs, with chamfered and rounded corners to avoid injury during use.
- At Steps and Stillages we also have a complete range of accessories designed to integrate with our containers. From card holders and identification plates to wheels and lids we have the ideal custom solution for your needs.
