- ▶ An economic way to utilising the humble standard wooden pallet.
- ▶ This wire steel pallet retention unit, or pallet converter, sits on a standard wooden pallet with clips to hold it in place.
- ▶ There is a half drop front on the 1200mm wide dimension. When not being used, the pallet retention units fold flat for economic space storage.
- ▶ Manufactured from mild steel wire with joints welded for outstanding strength and durability. Bright electro-zinc plating with a lacquer coat as standard. Other finishes are available to order.
