- This range of Tuff steel bins is completely watertight with a capacity of 1000kg. They have a tubular base frame with forklift skids on the short side. The sides are formed from plain sheet steel, with no inside edge, so as to facilitate unloading of the bin contents.
- All our containers are available in a wide range of RAL standard colours, you can select the colour from within the options. The containers are guaranteed free from burrs, with chamfered and rounded corners to avoid injury during use.
- At Steps and Stillages we also have a complete range of accessories designed to integrate with our stillages. These include; card holders, identification plates, frames on wheels and removable lids for stillages
