- Comprising of a strong practical mobile trolley together with a set of 80 boxes of 4 different sizes this is a complete and elegant solution for when mobile storage is required for small items.
- The trolley is made in electrowelded sheet, and stove enamelled with red epoxy powder paint. It is fitted with 4 rubberised wheels, 2 of them castors, 1 with brake
- The box kit consists of 80 boxes that fit on both sides of the trolley with pull down openings. The box case structure is manufactured from shockproof polystyrene. The transparent boxes themselves are made from unbreakable k-resin. Card tags are supplied that fit in the front of the boxes.
- The structure of the trolley comes only in red. The boxes can be either red or green, you can select the colour from within the options.
