- These folding steel stillages have a capacity of 1000kg with sheet sides and sheet metal base. They are stackable both when open and closed.
- These strong safety collapsible containers have a removable lid fitted with a padlocking facility. Padlock not included.
- Designed with an easy opening and closing system the collapsed stillages save storage space and transport costs. There are handles located on the long sides for easy opening and closing.
- All our containers are available in a wide range of RAL standard colours, you can select the colour from within the options. The containers are guaranteed free from burrs, with chamfered and rounded corners to avoid injury during use.
- At Steps and Stillages we also have a complete range of accessories designed to integrate with our stillages. From card holders and identification plates to wheels and lids we have the ideal custom solution for your needs.
