➤ These steel, stackable, post pallets have fixed uprights with cupped sections at the top of the posts and a steel base with a removable wooden surface. This creates a really strong, flexible, pallet alternative to the classical wooden boards.

➤ All our containers are available in a range of RAL standard colours. The containers are guaranteed free from burrs, with chamfered and rounded corners to avoid injury during use.

➤ At Steps and Stillages we also have a complete range of accessories designed to integrate with our containers. From card holders and identification plates to wheels and lids we have the ideal custom solution for your needs.

Colour Options:

RAL 5010 Blue
