These steel, heavy duty, stackable, post pallets have fixed uprights with a rigid steel base. There are flat steel skids on the long side. This creates a really strong pallet alternative to the classical wooden boards.

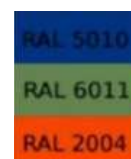

All our containers are available in a range of RAL standard colours. The containers are guaranteed free from burrs, with chamfered and rounded corners to avoid injury during use.

At Steps and Stillages we also have a complete range of accessories designed to integrate with our containers. From card holders and identification plates to wheels and lids we have the ideal custom solution for your needs.
