- ▶ A versatile pallet retention unit that has a removable front for excellent loading and access but can stack as well.
- ▶ Based on a standard 1000mm x 1200mm wooden pallet, the sides lock on first and the the back is fitted which holds the unit rigid.
- ▶ Units can be stacked up to 4 high, still with full access into the lower pallet retention units. When not being used, the pallet retention units can be taken apart and stored flat.
- ▶ Manufactured from mild steel wire with joints welded for outstanding strength and durability. Bright electro-zinc plating with a lacquer coat as standard. Other finishes are available to order.
