Mobile Steps lead time is generally 7 days. Whilst we stock the step components, the mobile steps are built to order. We would typically allow 3 days to build the steps, a day to paint them and then despatch the mobile ladders on a 3 day service.

Specification		
Dimensions	Standard Step Width (550mm)	Wide Step Width (850mm)
Platform Height From Ground	4000mm	4000mm

Overall Axle Width	1060mm	1360mm
Platform Size	550mm x 380mm	850mm x 380mm
Step Tread Width	550mm x 200mm	850mm x 200mm
Step Tread Vertical Spacing	250mm	250mm
Weight Standard Width	160kg	
Load Capacity	300kg	300kg

- These mobile safety steps are fabricated in one rigid structure giving good inherent strength
- Easy to manoeuvre with 2 large 200mm nylon wheels and 2 smaller 100mm wheels housed in swivel castors.
- The mobile ladder is fitted with our industrial hi-grip step as standard, also a 100mm kick-plate and safety operating sticker.
- Our 16 step mobile step is made and supplied in 2 parts with the bolts included. This is because the mobile steps are simply too big to put on a lorry and transport.
- Mobile steps are painted as standard using a one coat primer/finish Zinfos 700CT, or can be galvanized.
