Mobile Steps lead time is generally 7 days. Whilst we stock the step components, the mobile steps are built to order. We would typically allow 3 days to build the steps, a day to paint them and then despatch the mobile ladders on a 3 day service.

Specification		
Dimensions	Standard Step Width (550mm)	Wide Step Width (850mm)
Platform Height From Ground	2500mm	2500mm

Step Tread Width	550mm x 200mm	850mm x 200mm
Step Tread Vertical Spacing	250mm	250mm
Weight Standard Width	72kg	
Load Capacity	300kg	300kg

- The structure is identical to our standard range, we have simply removed a few features to lower the cost. The small front wheels and lever brake have been replaced with simple "wheel barrow" style handles to move the steps around. The kick plate around the top platform has also been removed.
- Easy to manoeuvre with 2 large 200mm nylon wheels and 2 smaller 100mm wheels housed in swivel castors.
- The mobile ladder is fitted with our industrial hi-grip step as standard and safety operating sticker.
- Mobile steps are painted as standard using a one coat primer/finish - Zinfos 700CT, or can be galvanized.
